

HEY, PARENTS!

Are you struggling to juggle it all? Could you benefit from a community of support? Would you like to activate your power to lighten the load?

BE PART OF BUILDING A PARENT NATION!

JOIN A PARENT VILLAGE!

Foster Community

Our Parent Village is a place to feel honored and respected, where we build community with other parents. It is a place where we share our struggles and see that we are not alone. It's where we will come together to give and receive support to each other.

Forge Collective Identity

Through our Parent Village, we will learn that we as parents have so much in common... that we all share the same thing: a deep love for our children, common struggles, and that we all need support to optimally raise the next generation.

Elevate Our Expectations of Society

We're asked to be our child's brain builder, first teacher, nurse, advocate, tech advisor, counselor, driver, cook, cleaner... all while many of us have full time jobs! We struggle to do it all ourselves and often feel guilty that we're not doing enough. But what if instead we called out that society isn't doing enough – especially in the earliest years! Our most important job is to build our children's brains and then guide and provide for them throughout childhood. In our Village we will reimagine a society that works for parents, not against us!

Fight for Change

Parents are society's most powerful change makers. Let's claim that power. In our Village, we will engage in activities and discussion that will help us activate our power to fight for a society that supports us by putting children and families at the center.

What you can expect:

- 4 sessions – every other week in English and Spanish starting October 11th on zoom
- Free to all participants!
- Free copy of "Parent Nation"
- Each Village includes up to 30 participants
- Contact us at C.A.R.E .if interested at Stratfordcare2006@gmail.com

**A parent is anyone who cares for children including caregivers, foster parents, grandparents, etc.*
