

BATTLE OF THE BOOKS 2023-24 REGISTRATION INFORMATION

To all 3rd, 4th and 5th grade parents,

We would like to invite all students in these grades to join our Battle of the Books (BOB) team! BOB is a reading program that introduces new genres, promotes teamwork, engages students in reading for fun, and helps students learn the importance of setting a goal, and making that goal. It is free to join. You may purchase a t shirt for the Battle in February for about \$8.00.

Students read from a list of 30 books. There are three goal periods. At each goal, the student must read 5 books from this list and pass the AR quiz with at least a 70% score. A total of at least 15 books must be read by Thursday, February 15, 2024 to qualify to go to the Battle. Many students will read all 30 of these books on the list. The Battle is a team effort and is held on Saturday, March 9, 2024 at Summit Intermediate School. Parents can volunteer to be a chaperone, or a spectator! More information will be sent to parents once they enroll their student.

Last year, we had over 100 students qualify to go to the Battle. Many students chose not to go to their soccer games, dance lessons, etc. to be a participant in the Battle. This is an important commitment to keep, as we prepare all school year for this event.

We have fun lunch meetings and great goal parties throughout the year. We are hoping to have as many students qualify this year as we did last year.

Please go to the link posted below and register your child for our Battle of the Books team. Your student needs to sign up through their Clever Portal to the BOB Google Classroom. The links appear below for each grade level.

Thanks in advance for joining our BOB team!
