The focus for the third marking period is **Mindset**, the third principle from this year's theme: "Lift off to Success". A **Mindset** is an "established set of attitudes, esp. regarded as typical of a particular group's social or cultural values; the outlook, philosophy, or values of a person; (now also more generally) frame of mind, attitude, and disposition. *Where is your Mindset for this school year? Please share this information with your family, friends and staff members.*
